NEW GAME OFFERS SOLUTIONS TO LIFE QUESTIONS!

The recently launched PANGARDEN Game is designed to help you find balanced and harmonious solutions to whatever challenges you face. New from Findhorn in Scotland, Pangarden is the game with no losers! The Pangarden Game builds a bridge to your innate creativity to support your personal evolution. With this exciting new game you make positive changes in your life as you play.

This beautifully conceived game contains coloured shapes to map-out any life situation you have questions about. As you address the situation with openness and honesty, specific card-sets for Needs, Light, Shadows, Genetic Patterns, Healing and Spiritual Impulses give insights, understanding and trigger shift-processes. The detailed instructions offer lots of useful advice and guidance. There are no strict rules, as intuition, creativity and Nature Intelligence are your partners in this game. Pangarden is the perfect gift for people of all ages. Anyone can play alone or with friends or family and there are no special skills required. Just be open to amazing results!

Pangarden can help you unlock your potential and take the next step in your life with grace and confidence. Whether your life's issues are great or small, spiritual, financial or emotional, play Pangarden to discover and release the blocks that impede the flow of joy in your life. We all feel stuck sometimes; often we stand in our own way and fail to see the support and solutions around us. Pangarden will open your eyes to amazing insights, help you refine and achieve your goals and overcome obstacles. The aim is to resolve a problem in harmony for all involved and for the benefit of the greater balance. The winner in this game is balance and evolution.

Pangarden will prepare the energetic ground for transformation. Experience has shown that once the ground has been prepared, the rewards and benefits of doing your own inner and outer work become more fruitful and flow much more easily.

This game is a valuable tool and a joy to play. Let Pangarden guide you to balance and harmony for your life's questions and challenges. Even deep-seated issues can be resolved when we open ourselves and yield to our playful spirit. Play the game of your life and remember, there are only winners with Pangarden. Every situation is an opportunity!
